RE: Damon Upper Reservoir Dam #203.02 in Rindge
Letter of Deficiency (LOD) DAM #203.02
Issued on April 24, 1998

Dear Mr. Hunt:

Based on a file review and an inspection conducted on December 17, 2004 and two inspections that result from the October 2005 Flood conducted on October 14, 2005 and October 18, 2005 of the above referenced dam, the Department of Environmental Services has determined that the referenced LOD is being closed out. The reason for this determination is non compliance.

If you have any questions or comments, please contact me at 603-271-3406 or write to the Water Division at the address listed below.

Sincerely,
